

Name : Italiya Drashti Niteshbhai
Roll no : 18
Div : A
Sem : 7
Practical Assignment : 3

Question : 1

- Develop a user registration form (fields: username, password, confirm password, email, gender, hobbies, upload profile pic, upload other pics) (use text box, radio, checkboxes, file upload) using Express. Form should also contain file upload (single, multiple) with validations.
 - In case of invalid data, display errors along with all previous field values.
 - In case of all valid fields, display all data and images in a well formatted tabular form.

and allow the user to download that file using Express. Develop route for file download.
(Use express, ejs, express-validator)

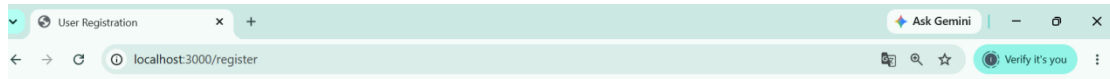

User Registration Form

- Username is required.
- Username must be between 3 and 20 characters.
- Username can contain only letters, numbers and underscore.
- Password is required.
- Password must contain at least 6 characters.
- Please confirm your password.
- Email is required.
- Please enter a valid email address.
- Please select your gender.
- Invalid gender selected.
- Please select at least one hobby.

Please correct the following errors:

- Username is required.
- Username must be between 3 and 20 characters.
- Username can contain only letters, numbers and underscore.
- Password is required.
- Password must contain at least 6 characters.
- Please confirm your password.
- Email is required.
- Please enter a valid email address.
- Please select your gender.
- Invalid gender selected.

User Registration Form

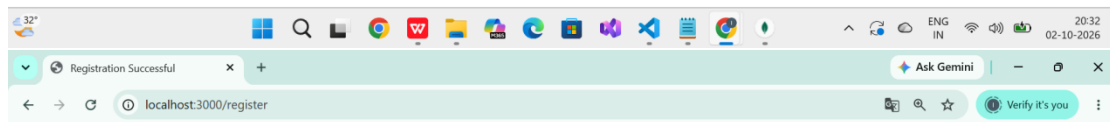

- Password must contain at least 6 characters.

Please correct the following errors:

- Password must contain at least 6 characters.

Username
